MIDCOMP CONSUMABLES

Euro-Flex Vinyls

Product: EF-SBL Sand Blast Vinyl

Product Description:

High-quality polymeric glass decoration film featuring an elegant etched-glass effect. Ideal for both cutting plotters and digital printing using solvent, eco-solvent, latex, or UV inks. Designed with integrated air-release channels for easy, bubble-free application on large glass surfaces such as picture windows. Fully REACH and RoHS compliant for safe, high-performance use in commercial and decorative applications.

Product Structure:	
Support	Etched-effect PVC film, 80mic
Interliner	PE-coated paper, single-side siliconised, white with fine structure, 140g/m^2
Adhesive	Pure polyacrylic, semi-permanent, transparent
Total Thickness	0.10mm
Adhesive Weight	20g/m^2
Durability	5 Years
Roll Size	1370mm/50m & 1600mm/50m
